

# CONNECTING THE DOTS

**BEYOND  
WORDS  
TOWARDS  
MEANINGFUL  
ACTIONS**

Connecting the dots is our powerful interactive gamified workshop that is part of our Connected Voices programme.

It gets you thinking and more importantly talking about the practical steps needed to maintain a truly inclusive organisation.

The emphasis here is to examine our actions and behaviours. We map out how we can support people to feel more connected and less isolated when talking about, and responding to sensitive inclusion matters. We take you from principles to practice and provide you with insights for action.

By the end of this session, you will come away with more knowledge about what inclusive behaviours look like in practice. You will also have techniques to help you to understand what you can do, to effect change within your own organisation.

# CONNECTING THE DOTS

A powerful and interactive 90 minute gamified workshop on inclusive behaviours.  
Thoughtfully facilitated and virtually delivered to you.

## OVERVIEW

### Part 1: Connecting the dots between Diversity & Inclusion

What do they mean? and Why does it matter?

### Part 2: Connecting the dots between our words & behaviours

How do we turn our words and statements into inclusive behaviours and actions?

The answers to these questions are revealed using discussions, case studies, practical exercises and exciting game challenges, in a safe and comfortable online environment.

You'll be asked to analyse difficult situations and we will support you to come up with your own tailored solutions. While this is a time for learning, it is also a time for you to think about your own behaviours, and an opportunity to share your experiences.
